

Opportunities
for Talents

Technische Universität München

Wissenschaftliche Hilfskraft (m/w/d)

Center for Energy Markets

The [Center for Energy Markets \(CEM\)](#) at the TUM School of Management, Technical University of Munich, invites applications for a Research Assistant (Wissenschaftliche Hilfskraft, ca. 4 hours a week).

The CEM, headed by Prof. Svetlana Ikonnikova and Prof. Sebastian Schwenen, conducts research on a broad array of energy market topics. The Center for Energy Markets brings together economics, finance and engineering approaches to offer contributions to topical questions in the energy sector.

Tasks and Responsibilities

- Join the CEM research team and perform data and/or literature screening tasks.
- Management of the CEM website.
- Administering workshops or events held at CEM.

Requirements

- Interest in energy markets, e.g. energy economics or energy finance, and energy technologies.
- Knowledge in HTML or other languages relevant for managing websites are a plus.
- Ability to write own scripts (e.g. webcrawlers) is a plus.
- Skills in STATA, R, Python, or MATLAB likewise are a plus.

We offer experiences to work within a dynamic research environment at the Center for Energy Markets. We host regular research seminars and foster close working relationships with industrial partners from the energy sector, e.g. via joint theses or project studies.

How to apply

Please send your electronic application, consisting of the following documents

- application letter (max. 1 page),
- detailed curriculum vitae,
- grade sheets,

in form of a single PDF document to cem_fm@mgt.tum.de. As an equal opportunity and affirmative action employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity to the university's research and teaching strategies. Preference will be given to disabled candidates with essentially the same qualifications.
