

The Professorship for Economics of Innovation (Prof. Dr. Hanna Hottenrott) at the TUM School of Management is currently looking for a:

Research Assistent (m/w)
(Studentische oder wissenschaftliche Hilfskraft)
5 hours / week

Your tasks:

- Data collection and preparation
- Programming of data cleaning routines
- Preparing the collected data for scientific analysis

You have:

- Interest in empirical economic research and statistical analyses
- Programming skills (e.g. in SQL, Python, Stata or R)
- Good knowledge of English

We offer:

- The opportunity to join a young, dynamic team and contribute your own ideas and creativity
- The opportunity to develop your programming skills
- Insights into the fascinating research
- Very flexible working hours

Initially, the position will be limited to one semester but is expected to be extended up to two semesters. Wages follow the „Standard für studentische bzw. wissenschaftliche Hilfskräfte“.

As an equal opportunity and affirmative action employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity. Preference will be given to disabled candidates with essentially the same qualifications.

If you are interested, please send a short motivation, a grade transcript, and your CV (as one PDF document) until **March 15th 2020** to office.eoi@wi.tum.de . Please write as email subject: *RA Economics of Innovation*.

We look forward to your application!
